Saint Magdalene of Canossa

Born in Verona on March 1, 1774
from a rich and noble family:
the third among her siblings.
In the midst of sufferings
like the death of her father, the
abandonment of her mother,
her sickness and many
misunderstandings,
the Lord leads her towards
unpredictable paths that Magdalene
seeks, with difficulty to understand.
She started her work at 35 years old,
after a long search of
the will of God for her.

And He gave us Mary, His Mother:
