

## GENERAL CHAPTER

### Opening Prayer

23 August 2022

#### Hymn:

Dear Sisters,

We are in the living and loving presence of God. His Spirit is with us and within us....Let the Holy Spirit guide each one of us today.

A famous Indian poet Ravindranath Tagore explained in two short lines the most important spiritual lesson-

*"God loves to see in me, not his servant*

*But Himself who serves all"*

Lord God, we know that we are your beloved daughters and that is our true identity. You do not consider us as your servants but we are created in your own image and likeness. As we are on the path of dialogue to become part of your Holy Synodal Church, to love without measure, anoint us with your Holy Spirit. Let your face shine upon us as we proceed with our Chapter discussions....May Your Name be glorified in and through us through Christ our Lord, Amen.
